

# PAX A6650

CorePOS transforms the checkout into a modern, elegant retail experience. Designed to help stores put the customer first, CorePOS streamlines every sale with smart tools, smooth workflows, and real-time insights.

PAX A6650 — a rugged Android™ terminal built to perform in demanding retail and service environments. With a large touchscreen, high-speed scanning, full payment support, and IP67 protection, it's ready for curbside, delivery, warehouses, or wherever the job takes you. CorePOS extends the A6650 beyond payments — with built-in access to inventory, delivery tracking, and remote management tools, ideal for logistics and service teams.
